

From CEO's desk

We are very glad to meet you all through this web site.

Since inception of Holy Cross Organization, we had different interventions in the field of development of the communities who are under privileged especially the tribal, dalit and other marginalized communities. We are very much satisfied with the impact of the projects implemented by us. We still continue in the development activities on education, health and livelihoods.

We take this opportunity to thank all the communities for their full involvement & participation from project planning to evaluation and also to all the supportive agencies and well wishers for their generous cooperation. We also thank to the state & central government to acknowledge our meaningful work.

With best regards and solidarity,

Mr. Karanam C.K. Prabhu das
